## ATC's Response to COVID-19

I hope this message finds you and your families safe and well. The Coronavirus continues to occupy our thoughts, actions and media attention. We are continuing to monitor the many decisions made by Federal, State, County and Municipal governmental bodies that influence our business. Specifically, we continue to monitor and evaluate the various “Shelter or Stay in Place” orders. While they vary between states and in some cases, cities and/or counties, many of them have held an exemption for some or all construction related projects. This is a positive indication that we will continue to have project work during the battle against the virus.

To allow our clients to attend we will be following the CDC and State guidelines necessary to protect customers and staff from COVID-19 exposures. We have updated our current schedule to include additional reviews and will continue to have them as long as there is a need.

Please check our Website for updated dates at [atctraining-md.com](http://atctraining-md.com)
